

# Management Practices

**LONGER STARTING INTERVALS**

Avoid overloading the course, more golfers causes congestion. Longer intervals between starting times can help.

**TIME PAR**

Establish a target time for your course and monitor performance.

**ENCOURAGE READY GOLF**

Use Ready Golf in stroke play formats only.

**ALTERNATIVE FORMS OF PLAY**

Encourage shorter and faster forms of play, e.g. 9-hole, match play and Stableford.

For more information please see our Pace of Play manual at [www.randa.org](http://www.randa.org)
